ADULT LITERACY PROGRAM

ALP supports adults who face challenges in the areas of reading, writing, math, high school equivalency subjects, English language, job readiness and computer skills. . Last year, **trained volunteers from our community assisted 172 adult students, dedicating 9,745 hours to helping ALP learners realize their education and life goals.** Also, during the 2015-2016 fiscal year, **90% of ALP students saw an increase and improvement in their personal literacy skills.**

EMERGENCY ASSISTANCE

Our first program which started in 1974, EA houses a food pantry, clothing closet, and emergency services for families and individuals in a crisis. All of this is made possible by community partners who donate perishable and non-perishable food items, new and lightly used clothing, hygiene items, household goods, and money. In fiscal year 2015-2016, we **served a total of over 10,490 people, including over 1,440 services to homeless, and more than 370 military-affiliated lives.**

FIND-A-FRIEND

FAF helps modify youths' behavior positively at school, home, and in the community. **Serving over 200 at-risk and court-involved youth per year, with a 96% success rate at keeping kids out of trouble and successful in school,** this program truly makes an impact. **It costs tax payers over \$125,000 per year to house 1 juvenile in confinement. It takes less than \$1,500 to sponsor a youth for 1 full year of preventive services with FAF.**

THE NEHEMIAH PROJECT

NEH partners with many contractors, the Re-Store Warehouse, and other agencies to repair the homes of low-income home owners. In 1994 the program assumed the Emergency Home Repair Program for the Community Development Department, City of Fayetteville. The vast majority of these clients are on a fixed or low income and face the crisis of costly home repairs. **In fiscal year 2015-2016 145 low-to moderate income homeowners received free home repairs.**
